YOUR NAME/CONTACT DETAILS (OPTIONAL):

INVITATION FOR IDEAS FOR OUR PARISH 'COMMON GOOD PROJECT'

We'd like to get your ideas for the Common Good Project to launch in 2019. The kind of project we are thinking of is:

- ✓ a worthwhile activity actioned in the name of our Parish
- ✓ helping to meet a social need
- ✓ for a group of us to work together (so probably fairly local)
- ✓ using our collective talents, contacts, and time for participation
- ✓ something we don't already do; providing some challenge to us
- ✓ something we can manage effectively and sustain for a few years
- ✓ either a new activity or an established cause to which we can add

Between now and October 31st, we'd like to receive your responses. We'd like a range of ideas so we can make a wise and creative choice. We won't be able to take forward every idea immediately. Instead we'll look at everyone's ideas against the above criteria, have a discussion in the PCC in November and come back to you with a shortlist to get more input.

Whatever comes to your mind and whatever you have on your heart, please take time to share it, as we consider how as a Parish we can live out our Christian faith, show our care and compassion for others, and make a difference to their lives.
